The first thing you will want to do is explore the ocean. You can use a boat or swim to travel around. As you explore, you will find new creatures, such as sharks, dolphins, and jellyfish. You will also find new items, such as coral and seaweed.

Once you have explored the ocean, you will want to build a base. You can build your base on land or underwater. If you build your base underwater, you will need to make sure that it is watertight.

Your base will serve as a place to store your items and to sleep. You can also use your base as a place to craft new items.

Surviving and thriving in Minecraft Flash and Bones 13 can be challenging. Here are some tips to help you:

- **Always carry a water bucket.** You will need to drink water to stay hydrated.

- **Be careful of sharks.** Sharks can attack you if you get too close.

- **Build a shelter to protect yourself from the elements.**

- **Craft a sword and bow to defend yourself.**

- **Find a source of food.** You can eat fish, seaweed, and other items to stay alive.

Once you have mastered the basics of Minecraft Flash and Bones 13, you can start to explore some of the more advanced tips and tricks. Here are a few to get you started:

- **Use a dolphin to find sunken treasure.** Dolphins will lead you to sunken treasure chests.

- **Craft a water breathing potion to explore underwater for longer periods of time.**

- **Use a fishing rod to catch fish and other items.**

- **Build a farm to grow your own food.**

- **Create a beacon to mark important locations.**
